STAIRS

Modular step system with 7" stair rise, 11" stair run and 48" width. Stairs can be easily configured to stage heights up to 56".

Our adjustable stair is the most versatile stair on the market. Integrated handles and locking feature make the stairs easy to carry and transport. Stairs fold down to less than 12" tall for storage. Code compliant, when used at recommended stage heights. Handrails included. Three step stair unit shown.

Our fixed stair works on both our Signature and Axis stage who's platform height is between 16" to 24"
